VIPRE®

Defending You On All Fronts

Build a layered defense against today's most prevalent malware threats with VIPRE. Secure your endpoints, email servers, virtual environments and mobile devices from emerging threats like viruses, Trojans, rootkits, exploits, spyware, malicious websites, phishing attacks and more.

Endpoint Protection

VIPRE Business Premium™ is our most robust endpoint security solution that combines antivirus, integrated patch management, malicious URL blocking, Mobile Device Management (MDM) and more to centrally manage and defend PCs, Macs, iPhones, iPads and Android devices.

VIPRE Antivirus Business™ is the small-footprint antivirus software that enables you to centrally protect and manage PCs, Macs, iPhones, iPads and Android devices.

Email Security

VIPRE Email Security for Exchange™ is an advanced, powerful, policy-based email security solution that defends networks against spam, phishing, viruses and other security threats transmitted via email.

Hyper-V Security

VIPRE Business Premium is the first endpoint security solution to offer fully integrated security management for Microsoft Windows® Server Hyper-V® virtual environments with **VIPRE for Hyper-V**.

Protect your Hyper-V virtual clients by deploying VIPRE – via the hypervisor – to scan virtual machines for threats without the performance impact typically associated with running antivirus scans on each guest operating system.

Try VIPRE Free for 30 Days

Experience how VIPRE can bettter secure your network with a free, 30-day trial of any of our VIPRE security solutions.

Value and Protection

VIPRE users rave about value, performance and protection.

"We are very satisfied with VIPRE and consider it to be the most reliable and cost-effective antivirus product we've used to date."

– Clifford Hanks, senior network engineer, Stillwater Medical Center

"...A solid product for a great price. We believed then and still do now, that VIPRE was the right choice..."

– Keith Slaughter, network coordinator, College Station ISD

Proven Protection

VIPRE malware defense is certified by these leading testing authorities.
